

AI입법 성향 정밀 보고서 예시	입법 디지털 트윈 예시
 The image shows a mobile application interface for an AI legislative trend analysis report. It features a user profile for '김철수' (Kim Cheol-su) and a detailed report titled 'AI입법 성향 정밀 보고서' (AI Legislative Trend Precise Report). The report includes a summary of legislative trends and a section for 'AI 입법 성향 분석' (AI Legislative Trend Analysis) with a bar chart showing scores for various legislative items.	 The image shows a digital twin interface for legislative processes. It includes a '입법 디지털 트윈' (Legislative Digital Twin) header and a '가상 입법회' (Virtual Assembly) section. The main display area shows a large, colorful, semi-circular data visualization representing legislative trends or voting patterns. The interface also includes a sidebar with navigation options and a bottom bar with a '시뮬레이션 시작' (Start Simulation) button.
