

AI입법 성향 정밀 보고서 예시	입법 디지털 트윈 예시
 The image shows a mobile application interface for a legislative analysis report. At the top, it says 'AI입법 성향 정밀 보고서 예시'. Below this, there's a user profile for '김철수' (Kim Cheol-su) with a '국면대행' (Acting Member) status and '9년 의원' (9th Year Member). The main content area is titled 'AI입법 성향정밀보고서' (AI Legislative Trend Precision Report) with the subtitle 'VERIFIED COGNITIVE LEGISLATIVE INSIGHT REPORT'. The report text describes Kim Cheol-su's legislative style, mentioning his expertise in science and technology, and his focus on improving the legislative process. It also mentions his role in the '과학기술정보방송통신위원회' (Science, Information and Communications Committee) and his work on the '경제-산업 중심 의정 활동' (Economy-Industry Centered Legislative Activity). At the bottom, there are 'KEY SEMANTIC CLUSTERS' including '#과학기술정보방송통신', '#경제/산업 전문성', '#예산 심의', '#3선 중진', and '#실효적 입법'.	 The image shows a digital twin interface for legislative activity. It features a dark background with a colorful, abstract graphic resembling a rainbow or a series of connected dots. The interface includes a header '입법 디지털 트윈' (Legislative Digital Twin) and a sub-header '입법 디지털 트윈' (Legislative Digital Twin). Below the header, there are several data points and a large, colorful graphic. The graphic consists of a series of connected dots forming a semi-circular shape, with colors transitioning from blue to red. The interface also includes a 'LEGIS' logo at the bottom right.
